

Stewardship 2025

Seize the Day

Welcome to Highlands' 2025 Stewardship campaign, aptly titled "Seize the Day." As the newly minted chair of the Highlands Leadership Board, I am pleased to introduce this year's effort to **fully support our ministry in 2025.**

You may be thinking, "didn't we just do this," and you would be right. Our last yearly Stewardship program, which usually happens in October, happened in January and February. But we are back on schedule encouraging everyone to think, pray and commit to supporting the life of Highlands United in 2025.

When I think of Seizing the Day at Highlands, I am aware that we are in a critical moment of development and possibility. Our Thrift Sale work is being transformed into a full on Thrift Store. We have launched a Feasibility Study on the creation of a long term Legacy Fund. These are big projects we have taken hold of. At the same time, day after day, we seize each moment to make the loving difference that God has called us to make in ministry. That is what Stewardship 2025 is about. You and me and each person connected to Highlands United seizing each day, offering our time, talent and treasure together. This daily practice of giving is the foundation for everything we do.

Here's what we are asking: that sometime between now and November 17th you make a pledge to Highlands' ministry. You will find the pledge form attached to this letter or you can pledge online under the key documents heading on our website www.highlandsunited.org.

On November 17th, we will gather for a joyful celebration Time, Talents, and Treasures offered Together followed by our iconic upside-down lunch in the gym. Please prayerfully consider your pledge for 2025 to help us all Seize the day and **fully support our ministry in 2025.**

Peace

Frances Adh
